

Brandy Lake BP Fundraiser

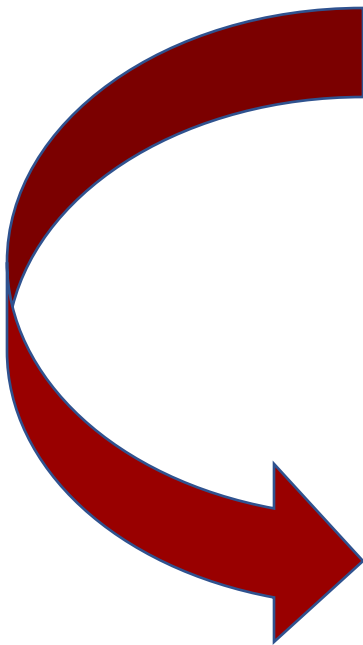

In 2006, Nick Quint told people that he wanted to come out of retirement at age 61 and build Madison's first Distillery. People laughed at him, including the people at the bank. But despite people's discouragement, Quint's business savvy told him that the demand for micro distilleries might mirror the demand and growth microbreweries had experienced in the early 2000s.

Although YB spirits can be found in places like Miami and Las Vegas, the company has not forgotten its local roots. Madison will always be YB's home. YB spirits are still crafted one batch at a time, using local ingredients. Labels are often hand applied and some are even signed by the head distiller.

Black Ridge wine has not even hit our shelf yet! You will be the first to have this amazing wine! Choose from Cabernet Sauvignon, Pinot Grigio, Moscato, or Chardonnay!
